

AMPLIFY PEACE:
A Women's Peacemaking Pilgrimage in the Holy Land

November 8 – November 18, 2019

TRIP DATES

November 08 – November 18, 2019 *(inclusive of travel to/from the United States)*

OVERVIEW

Join us on a unique spiritual journey - a pilgrimage - of personal and communal transformation to the Holy Land, where the history of our faith meets a history of conflict. You will walk where Jesus walked among the ancient stones of Jerusalem, Bethlehem, and the Galilee, exploring with new perspective how God's Word calls us to embody the radical and counter-cultural teachings of the Beatitudes.

And you will meet the people of the land, experiencing their vibrant cultures (and amazing cuisine) while also better understanding the vastly different realities of Jewish, Christian, and Muslim communities who call this land 'home', and how those differences present both opportunities and obstacles for peacemaking.

This trip will be conducted in partnership with **Amplify Peace**, a global movement of women in community continuing to create a better story. Transforming the world one voice at a time while learning to live as everyday peacemakers.

Pricing based on 15 Pax (Final price contingent on size of group)

\$3,190 per person in a double room

The price includes all:

- Hotels
- Meals and beverages
- Internal transportation
- Guides and gratuities
- Trip coordination and facilitation

Deadlines for Payments (based on double room pricing)

- \$500 deposit to reserve a place when you register (\$200 of which is non-refundable)

- Farewell Dinner

Monday, November 18

- Arrival home in the U.S

A Note on Security:

We are often asked, "Is it safe to travel to Israel-Palestine?"

Yes. Telos has implemented over 90 delegations to the Holy Land bringing over 1500 prominent American leaders--including top CEOs, celebrities, and sitting Members of Congress among hundreds of faith leaders--and thankfully have not had a security related incident. Due to the ongoing tensions and conflict between Israelis and Palestinians, acts of violence do sometimes occur. However, we are constantly monitoring these events very closely and consulting daily with our local staff and friends on the ground in Israel and the Palestinian Territories.

Based on these conversations, we will only lead a delegation if we believe it remains possible to provide you a safe experience. Safety risks are an inherent component of any travel experience anywhere in the world, including Israel and the Palestinian Territories, and the safety and security of our trip participants remains our highest priority.
